A Reader Cures His Constipation—Try It Free

Simple way for any family to retain the good health of all its members

The editors of "Health Hints" and "Questions and Answers" have one question that is put to them more often than any other, and which is strangely enough, they find the most difficult to answer. That is "How can I cure my constipation?"

Dr. Caldwell, an eminent specialist in diseases of the stomach, liver and bowels, has looked the whole field over, has practiced the specialty for forty years and is convinced that the ingredients contained in what is called Dr. Caldwell's Syrup Pepsin has the best claim to attention from constipated people.

Its success in the cure of stubborn constipation has done much to displace the use of salts, waters, strong

cathartics and such things. Syrup Pepsin, by training the stomach and bowels muscles to again do their work naturally, and with its tonic ingredients strengthening the nerves, brings about a lasting cure. Among its strongest supporters are Mr. John Graveline of 98 Milwaukee Ave., Detroit, Mich., and Mr. J. A. Vernon of Oklahoma City. Thousands of others of both sexes have written to Dr. Caldwell telling of gratifying results it can be obtained of any drug at fifty cents and one dollar a bottle, or if you want to try it first a free sample bottle can be obtained by writing the doctor.

For the free sample address Dr. W. B. Caldwell, 402 Caldwell Building, Monticello, Ill.

WHY SO WEAK?

Kidney Troubles May be Sap-
ping your Life Away.
Richmond People Have
Learned This Fact.

When a healthy man or woman begins to run down without apparent cause, becomes weak, languid, depressed, suffers backache, headache, dizzy spells and urinary disorders, kidney weakness may be the cause of it all. Keep the kidneys well and they will keep you well. Doan's Kidney Pills make sick kidneys well. Can Richmond residents demand further proof than the following statement:

Elbridge G. Evans, Depot St., Nicholasville, Ky., says: "Judging from my experience with Doan's Kidney Pills, I can say that they are an excellent remedy and one that lives up to the claims made for it. I suffered from a severe attack of kidney trouble for some time. My back ached intensely and I had soreness across my kidneys that made it hard for me to move about. My bladder seemed to be affected and the kidney secretions were too frequent in passage at times while at others there was a complete retention. I at length began using Doan's Kidney Pills and their beneficial effect was noticeable from the first. I was soon completely cured and for that reason I am glad to give this remedy my endorsement."

For sale by all dealers. Price 50 cents. Posters-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Judiciously Spent Money is That Put Into Homes

Because dollar for dollar we do not believe there is anything else on earth that brings the same pleasure as a home. And again, by investing right here in your home community you are dealing in values you understand and with people you know; hence the risk of loss is completely eliminated. What you don't know about lumber we are here to tell you and we may be able to help you avoid many of the mistakes that are frequently made in the selection of lumber unsuited for different purposes. Some lumber is O. K. for outside uses and not worth a cent for interior finish, and vice versa. We know just what is best for most purposes and have it in stock to show you. Drop in and let's talk it over.

Farm News

Items of Interest to the Farmer, the Grower and the Stockman.

Don't forget to save corn for feed while you are husking it. Just because an ear is large does not necessarily make it the best for feed. See that the rows are straight from tip to butt and that the kernels are well formed and plump.

If potatoes are inclined to rot don't dig yours. Leave them in the ground as long as you can before digging. There will be far less waste. I have seen some lots of potatoes all go to mush after they were dug, whereas if they had been left in the earth till cold weather came on most of them might have been saved.

Keeping cabbage: Select a dry place in the patch, pull up the cabbage and stand them close together, heads down. Cover with soil from 2 to 10 inches deep, thin at first so they will not heat, covering only enough to prevent freezing as the season advances. The burying beds may be made from four to six feet wide. A few cabbages for the present use can be stored, heads down in a barrel in the cellar, but the bulk of the crop should be left out doors.

Storing vegetables: Onions, store in a loft rather than in the cellar. In the latter they will sprout to their injury. A few parsnips for winter use may be lifted and stored in sand in the cellar; but as freezing sweetens them it is best to leave many of them out doors for later use. Potatoes, store in bins 1 foot or 18 inches deep raised somewhat from the floor. Do not bruise or they will rot. Roots in the nature of safety and horse radishes freezing does not hurt so the main lot may stay out where grown, but some should be dug and put in the earth in the cellar for winter use.—Farm Journal.
